They fight, and bite, they fight and bite and fight! They're Itchy & Scratchy, Springfield's favorite cartoon duo, and they're fighting and biting their way onto your Super Nintendo Entertainment System® in The Itchy & Scratchy Game! If you want suspense... romance... You'll find it in The Itchy and Scratchy Game!!! It's 7 levels of all-new, all-American cartoon hijinks featuring Springfield's best loved cat and mouse team!!!
It is a fact that cats and mice are natural enemies. Thus it is natural that a cat would seek to eat a mouse. And it is only natural that the mouse would try to escape. But what if the cat, before he ate the mouse, sought to chop him up with, say, an axe. Well then, would it be wrong to assume that the mouse would defend itself with a bottle of acid?

Obviously not. If the cat tried dropping a 10-ton weight on the mouse, one could argue that the mouse might tie the cat to the railroad tracks, running him over several times and shooting him with a gatling gun as a pre-emptive measure.

Is any of it implausible?

Of course not! It's all just part of the natural order of things. So Itchy and Scratchy are only natural!

Ready for some high-caliber hijinks?!? Because Scratchy's loose again and the chase is on!!! But this time, the mischievous cat means war. He's got nine lives, a mountain of munitions, and an army of "Scratchlings" all poised to help finish off Itchy once and for all! Itchy has only his wits and his speed. If he's lucky, it might just be enough to defend himself against his old nemesis. If he's really lucky, he might find a bazooka to help him along!!! Itchy's default controls are as follows. Buttons can be reconfigured in the options screen:

Survival is the key to the Itchy & Scratchy Game. Whoever survives each cartoon is the winner. Both Itchy and Scratchy have energy bars at the top of the screen. They begin each new cartoon with a full energy bar. Each time either Itchy or Scratchy get hit, their energy goes down a certain amount. When Itchy runs out of energy, Scratchy wins and the
Itchy & Scratchy Game is over (although you may use one of your continues to extend it). When Scratchy runs out of energy, he goes to the kitty netherworld. There he is granted one final opportunity to rest in peace instead of in pieces. His task: to use a giant rodent remover to knock off his pal once and for all!!!

Each cartoon set is a complex maze full of ladders, platforms, buttons and the occasional mousehole, all offering wonderful opportunities for both ambush and escape. To press a panic button, hit it with the mallet by pressing the Y BUTTON. To enter a mousehole, press the CONTROL PAD UP when standing in front of it.

Also in each cartoon setting, there are many things for Itchy to pick up. To collect them, run into them. Each piece of cheese Itchy collects will enable him to zoom for a few moments, allowing him to escape the clutches of his nemesis Scratchy, or to bear down on and attack him. To eat the cheese, press the A BUTTON. Discovering a heart increases Itchy's energy level!

Also, in each cartoon, there is a specific pick-up which will help Itchy thwart Scratchy's contraption at the end of the level. The number of cheeses, lives left and level pick-ups are noted on-screen on the status bar.

Another type of pick-up which Itchy will encounter is the weapon pick-up, described more fully in the next section.
Both Itchy and Scratchy begin each level with a mallet. But within each cartoon are dozens of different weapons which can be collected and used, some by Itchy, some by Scratchy, and some by whomever reaches them first. Unfortunately, Itchy can only carry two weapons (in addition to his mallet) at a time. To pick a weapon up, run into it. To switch from the mallet to a pick-up weapon or vice-versa, press the X BUTTON when in front of it.

There's dinosaurs, volcanoes and lava pits in them thar hills, which could bring the cartoon duo's health to rock bottom if they're not careful. And Scratchy's hired a motley crew of sabre-toothed cave cats to help him put Itchy in a museum. Collect the dinosaur bones to defeat the Juracid Boss!!!
Cartoon 2: The Medieval Dead

Although a man's home may be his castle, when Itchy and Scratchy arrive, it's every man for himself! From the drawbridge to the ramparts, Itchy and Scratchy plan to duke it out in a knight to remember. But the castle's haunted, and ghosts don't like intruders. So watch out for the cat-combusting gargoyles and mouse-macing suits of armor. Not to mention the mercenary menace of Scratchy's weapon-wielding army of Scratchlings. Watch for the sugar cubes laying around; they can help you with the delicious demon-designed boss!

Cartoon 3: Mutilation on the Bounty

Scratchy's out to give Itchy a peg-leg, a peg-arm, and even a peg-head if he gets his way. And he's got a crew of scurvy cats out to help make the marauding mouse walk the plank! But the flag's not flying at half mast yet. Itchy's got a few tricks available which certainly won't prove very jolly for Scratchy!!! Find the cannonballs for help with the boss, Captain Blah!!
Cartoon 4: The Pusseidon Adventure

It's a game of catfish and mouse in the octopus' garden! Scratchy's swimmingly confident, but don't let his confidence throw a wet blanket on your fun. Use the starfish to corral the yellow submarine, and send him back to the briny deep!

Cartoon 5: The Magnificent Severed

It's a whole mesa trouble out in the old west! Scratchy's determined to wrangle some rodents and is looking for a showdown, whether it's high noon or 5 o'clock. So if Itchy finds himself in trouble, he should gopher the nearest exit! And in the wild, wild west, things might get rather prickly for you unless you use the cacti to fight off the boss! Get along little kitty.
**Cartoon 6: A Site For Sawed Eyes**

Build a better mousetrap and the world will beat a path to your door! But as far as Itchy's concerned, the only beating that's gonna happen at this construction site will be to Scratchy. The tension's building in the building as Scratchy tries one last time to de-construct Itchy. His Scratchling hard hats are determined to nail Itchy once and for all, but Itchy still may wrench victory from his nemesis if his luck and his brick pick-ups both hold out.

**Cartoon 7: The Disassembly Line**

Itchy and Scratchy are having industrial-size fun as they try to manufacture each others' demise in this factory! Hi-tech hijinks abound as Itchy must contend with all manner of machinery, plus some Scratchy-installed security! But if you throw enough wrenches into the works, Scratchy's blueprint for success may have to go back to the drawing board.
